“ I met Jay in middle school. She remained a friend through high school. Unfortunately we lost touch until we crossed paths on Facebook. She was always a beautiful person and a wonderful light. May she continue to shine brightly from heaven.

“ Jay was always fun to just be around. If that's all you ever get from a friend it's far more than you should expect.

People move in and out of our lives. Few have left the mark that Jay did on mine. It's a tragedy that others will never experience her beautiful spirit.

If I were trying to write a Hallmark card for Jay...hmmm
(first off, she'd say "don't") I don't think they'd offer enough pages to describe what she meant to me.

“ My sister....although we were in and out of each other’s life, you have always been in my heart! I am really sad that I will not be able to see or talk with you again, but I know how much you loved Jesus and I guarantee that you are so happy right now..I hope you left this crazy world knowing that you were loved. Kiss precious Kevin and Nicholas for me!!! Love you!!
