“ *Bettie was like a second mother to me. Half of my childhood was spent at her home. I have so many dear memories of Bettie. She was the warmest and most welcoming human I have ever known...to both neighborhood kids and animals! She always had the radio playing, she was the 'tea party queen' and you couldn't leave her house without some kind of treat to take home. Even when I visited her in the care center when she was confused about who I was, she was still so positive and talked about what a beautiful day it was...always so positive and grateful for everything. She was filled with unconditional love! She had a marvelous sense of humor. Patti, Linda, Joe and the rest of the family, you know she was the best but I wanted to let you know how much I love her and hope she and my moma are hugging right now. The two Yankees! I love you all!*

“ *Mrs. Bettie was one of the sweetest ladies I have ever known. As a neighbor, I will never forget how much she loved our dog "Penny". I think she and Penny shared many moments in her chicken house. Mrs. Bettie told me many, many times how much she loved our Penny and how much she missed her when she passed away. Our condolences to each of your family members. We loved both of your parents.. They were good, honest, and loving people.  
God bless,
