“ *Wow where do I start! Words can't explain how grateful to be one of Uncle Billy's nieces. My heart hurts right now because he was basically another dad to me. I remember the times he picked me up at the bus stop and I would stay with him and cotton (his dog). He would always tell me stories about him and his brothers growing up. If not that we would always watch Judge Judy or Judge Joe Brown. I would help him feed the goats when I got off the bus or do chores he needed me to do. I didn't mind because he made them fun and I didn't mind doing things for my uncles. They are the best!!! Those memories will always remain with me. He will be miss dearly and never forgotten. We love you Uncle Billy rest in heaven.*

“ *Ruck! You were more than a confidant, you were a true man of integrity, grit, hard work and God's light. There is no way that I'd be able to recompense you for your wisdom you'd share with me daily. From your funny stories about my grandfather or to you telling me I'd better be saving my money, anything you said, I took it to heart. Ruck! I'm going to miss bringing you your favorite candy, or getting your friendly good-bye waves as I left work. Most importantly I'm going to miss your smile, it was what gave me strength to continue on with my day. Thank you for your insights on cars, investing, funny stories and showing me how to live a life of compassion.*

Rest well Ruck.

“ I had the pleasure of growing up right next door to my Uncle Billy and spending time around him most days of my childhood, from picking peas in the garden, rounding up rogue goats and/or cows, Easter egg hunts in his front yard, or just plain talking on the front porch. I will always cherish and find comfort in those memories of him and I know my family will also. Below are a few pictures I have from a few years ago.

Sending my love,
