“ *I worked with Debbie at Mayfield for 15 years. I used to go by her desk and talk to her just about every day that I worked. When my father was sick last year she really helped me a lot just with the little talks we had and her support. She always had a smile on her face and always talked about her love of her family and animals. Debbie always knew how to make a bad day brighter and always knew how to make her smile contagious. She will be missed and was a special lady. I was an honor to get to know her and be her friend. All my thoughts, love and prayers to the family.*
