“ *Jodie was my very best friend growing up. I lived down the street from her, and her Crane grandparents lived in the house behind ours. Jodie and I played together and stayed at each other's houses all the time. Her daddy was my daddy's barber. Jodie and her family were a big part of my childhood. I'm sorry that she and I lost touch once we each left school, and I wish I had contacted her mama later to ask about her. Reading of her death on the school's memorial Facebook page was the first I knew about her current name and location. I attended her funeral yesterday, and I send my condolences to her family and all who loved her. May her soul rest in peace.*

*Jodie was always smiling, always hopeful, always caring about others before herself. She and I were cousins and shared many happy family times together. She is resting in the arms of Jesus now.*
