“ *I am so saddened to learn of your loss of a beautiful wife, mother, and family member. I first met Kim when she called me to ask if I could paint some signs for her daughter Charlie's wedding. She became a loyal customer, often bringing me old pieces of wood, etc. to paint something on for her family. But more than this, she became a friend that I was always glad to hear from and see. I will miss her greatly.*

“ *Charles,
I will always remember that brave little blond girl who came in looking for a job with very little experience and very pregnant, knowing that she couldn't start work for weeks. The main reason I hired her was because of her courage. She played a vital roll in the Bogart project getting the nameplate stamping machine programmed and tied into the line. Her little laugh always helped lighten the load on whatever we were doing. Charles, I am truly sorry for your loss.

“ Hello, I wanted to extend my deepest sympathy to Kim's family. I worked with her at Sanofi and will always remember what a wonderful, caring woman she was. We would sometimes share a car when we had to travel to NJ for meetings. She always spoke so lovingly of her beautiful family. I am truly sorry for your loss and will keep you all in my prayers.
