“ *What a shock. Though I know Margot was fragile I had no idea of her status since being hospitalized. I contacted her through Facebook -just wanted her to know I was thinking about her. She was an invaluable member of the Crescent Lane rug hookers guild and sold me my first frame, a Puritan, which I still use. She also took it upon herself to instruct me in a proper Hooking technique- which I am so appreciative of. This sweet, fun and funny lady will surely be missed. Love to all the family.*

Shirley, Connie and Mike: I am deeply sorry to hear about the passing of your mother. I worked with Margot and Emory, both for many years at Baker and Taylor. There was not a work day that went by that our paths didn't cross. Margot and Emory both left footprints, in my heart and I have many good memories of working with them. They both made my job easier, as well as making a tremendous impact on many of the employees there, including me. I wish you comfort during this difficult time, and my deepest sympathies go to each of you and your families. May you the Lord, comfort you and bring each one peace.
