“Michelle and I go back to our high school days. We loved our children and I had the pleasure of caring for all three of hers. When Pam was born she was the first newborn I went to see after my own daughter passed away right after she was born. Michelle and I were standing at the nursery window marveling at this beautiful baby when all of a sudden the alarms went off in her bed. Michelle was in there with the baby before I could move . Which was a good thing because I was on the floor. Michelle had to take care of me for a few minutes because I hit the floor when the alarm went off. It scared the crap out of me. I told her if she had any more children I would not be coming to see them until they were home. And oh yeah, the alarm went off because Pam decided to turn over to sleep on her side... she was fine.

I met Michele when she was 15 years old. She became a member of our family and there are so many memories. One in particular will bring a smile to some of her immediate survivors. Remember when she looked down and said "There are two of them down there" I don't know if I ever before or after laughed so hard ! Michele was a good and loving Mother to her three daughters. She loved them without reservation. I am sending my very deepest sympathy to all her family. She will be missed forever.
