“ Paul and I worked together at the Oconee County Sheriff's office for a time. He quickly became a favorite of all that knew him. I was very fortunate to have Paul on my shift. I could always count on him being there and doing his fair share. I just talked to him on the phone about 3 weeks ago while he was on the way back home from Augusta taking his treatments. He was very positive about his condition and he told me that he was waiting on God to put him in remission. I am very shocked and saddened about his passing. I will never forget Paul and some of the times that we had together. R.I.P. my friend!!
