“ I'm so sorry this tragic situation happened to all of you. The hole in your heart never goes away, but the memories will always be there. The way she was at the end will fade back to the happy version of Sally in your mind over time, so when you think of her, it will be better than in recent years. It will be as you remember her. I'm thankful you had her that long. She is at peace. ❤️

“ Oh Sally. There are no words to describe the hole in my heart that your loss has left me with. You were one of the first residents i connected with when i started at gateway. You became so near and dear to my heart. There was never a dull moment with you. I miss you so much and love you dearly. Fly high my angel.

“ 25 years of the best memories, Sally was a very special person to me. she loved to talk on the phone and shop and we did ALOT of that, mostly laughing and having conversations about her girls work what we were watching on tv. Twenty years ago we were younger and spent a lot of time together. She was a great friend to me and the love we shared will never be forgotten! Condolences to the family and know you were her world. ❤️
