“ I was Shandas 2nd cousin but she was more than that to me. She was one of my best friends, a person I could go to when I needed a laugh. She never failed to put a smile on my face. Shanda loved all of us and we loved her. Bethany (her daughter) is like a little sister to me and she always will be! I will do everything in my ability to be a strong role model for her. Shanda used to always tell me that i was just like one of there own kids and she loved me like one. I will never forget all the fun outings and things we all did together. We had some great times and I want to continue having good times. Until we meet again, I love you. ❤️

“ I first met Shanda when she was just a kid. I sold JD jewelry for Martha and Shanda was always in tow. As she grew up and became a young woman she kept in touch and would just drop in to see me at times. Then she grew up and got married next thing you know she's having a baby. Some how over the years and I don't even remember what or why she started calling me MawMaw. Always with a smile on her face when she saw me and that little giggle of hers was one of a kind. You will be missed sweet girl. Until we meet on the other side fly high and give my mama and daddy a hug let them know I sure miss them. Heaven will be full of joy and laughter with you there and feeling up to par and your old self again. Love you sister.
