“ *I was in school with Vicki when we started Benton Elementary School. I have been so many times home from school with her and we would go to the Café and get a fountain drink and a snack. SO much fun and I remember one night her Mom came into the bedroom and had toilet paper wrapped around her head and told us she was going to bed. We ask her why she was doing that and Jackie said I am keeping my hair from getting messed up. We laughed for ever that night talking about her MOM and the toilet paper. She always made you laugh and we also liked it that we had the same middle name. I know your heart is broken my prayers and heartfelt condolences are with the entire family.*
