“ *I was looking online to find a picture of my dad and then came across your obituary. I didn't even know you passed. I miss you and nannie so much. You always loved me even when I wasn't at my best in life. I want you to know that I always share the story of me asking nannie where you were off to when you were making me a doll cradle. Or when you would let me drive the tractor and almost throw nannie off every time when I would push the throttle up. Or crying when we went to Mcdonalds after Bj my cow got sent off. You two were the most positive influential grandparents that molded me into a loving mom, a successful medical professional, and gave me the strength to do great things. I love you so so much. Look over me up there and steer me always in the way I need to go. Love always, Summer*

“ *Papa, I know you are having a wonderful Heavenly reunion with Nannie and Daddy. I will always remember all your hard work and dedication to your family...all the long days you would put in on the farm. We still have the doll cradle you made for Abby. It has been passed down to Kristen, and now to Esperanza. It will be cherished always. I love you. Please give daddy & Nannie a big hug for me. I will see you all again when it is my time. ❤️ Amy*
